AFS EXCHANGES

AFS Intercultural Programs is an international voluntary non-governmental non-profit organization that provides international exchange programs and intercultural learning opportunities to help people develop the knowledge, skills and understanding needed to create a more just and peaceful world.

Students on One-Year Programs:

- Anshika Singh Tawar (XI) : Switzerland
- Prakhar Sharma (X) : USA
- Vedant Maheshwari (XI) : Argentina

As a part of the AFS one-year program, we had Mirea Rossi (Italy) and Aglaé de Villeneuve (France).

Through the Rotary Club, Vishwangi Vadnere of Class XI participated in a year long US exchange. Under the same program, Rachel Sabella from the US was hosted for the same duration.

Round Square Exchanges

Dylan Knoch from South Africa was hosted for

six weeks under the Round Square Exchange Program.

Miss Catherine Kramer, a Round Square GAP Year student, was hosted for one month as an English teacher.

Hosting

Every year, students from all over the globe come on exchange programs to our school. This year, we hosted 7 American students for six weeks on the NSLI-Y, a US Government-sponsored program aimed at learning Hindi.

We also hosted five Germans for two months—one of the students extended his program by two more months in order to learn more!

Young Round Square 2015

The first Young Round Square Conference of our school was based on Leadership, the theme being *Dirigente: Liberate, Legislate, Lead*. The conference had a span of three days: 8th to 11th June 2015. The dramatics workshop focused on street plays. During the leadership workshops, the students visited a live Panchayat in neighbouring areas to witness its functioning. On the concluding day, the delegates presented a small street play to showcase what they have learned. Along with this, there were regular Barazza sessions where discussions were taking place based on the Keynote Speaker's speech. We also organized a post conference tour to Mandu and Maheshwar.

The Young Round Square Conference held at our school managed to liberate the true potential of the delegates, which

successfully lead the students towards becoming a leader tomorrow.

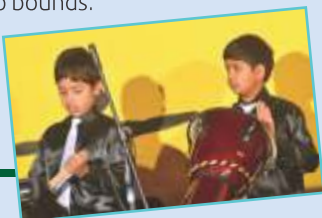

The participating schools were-

- (1) The Lawrence School, Lovedale

music

"Music gives a soul to the universe, wings to the mind, flight to the imagination and life to everything."

For generations, people have listened to it, loved it, pertained to it and grown with it. It has since long been the backbone and an integral part not just of the film industry, but also of all religious and cultural festivities. The art of expression through sound, "Music" is played without doubt in every corner of the globe and here at The Emerald Heights, music knows no bounds.

From a very tender age, the school promotes students to learn several types of musical instruments including Tabla, Guitar, Piano and Sitar. This allows students to develop vocational, logical and creative abilities and prepares them to face oncoming challenges. Our school has an elite group of musicians that can transform any tune in their mind to brilliant music. They have proven their ground time and again through their sensational abilities and by winning several musical competitions.

HOBBY CLASSES

They say, "Always find time for things that make you feel happy to be alive." Hobbies are such useful things for us. They are the best way to learn new and interesting things while you ditch boredom. The school believes not only in polishing the students academically and physically but also in grooming their personalities for the concrete challenges that lie ahead of them. Hobby classes are organised for the students of the boarding every Sunday to enhance their skills and channelize their energy in something productive. During the year 2015-16 the students of Grade VIII and IX are trained by the phenomenal dramatists of Helen O'Grady International to present five of the very famous plays of Shakespeare. The students of Grade XI were trained by the experienced and knowledgeable personnel of The Absolute Training Solutions to enhance their personality further. Apart from these, Mr. Tarun Barot trained a group of students of different classes to perform an electrifying choreography.

Furthermore, another group of students was trained in a mellifluous music composition. Some groups of students were also trained by famous chefs and photographers of the region. The students of the junior classes were trained by two of the alumni of the school, in a program with some short acts. All the students gave their final presentation on February 19, 2016 which was a day worth remembering.

VISIT OF PRESTIGIOUS FOREIGN UNIVERSITIES

On October 18, 2015, the school witnessed the visit of the representatives from three of the most prestigious and eminent universities of the world- the Columbia University, the Stanford University and the University of Pennsylvania alongwith above three, 15 other renowned universities of the USA also accompanied them. The spokespersons from the three universities enlightened the students about the doors that education in the United States of America unlocks for them.

A number of students along with their parents and guardians attended the session. The august gathering was all ears as the representatives announced the salient features of their respective universities and why should they choose their university for higher education. After the introduction, the universities set up their stalls for one to one interaction for queries regarding admission procedures or the courses and facilities offered. The event was surely an outstanding exposure for the students who aspire to study abroad.

LIBRARY INAUGURATION

They say "A reader lives a thousand lives before he dies."

"Books are a uniquely portable magic."

The school witnessed the inauguration of the largest library in the district of Indore with a magnificent, state-of-the-art technology and infrastructure- Nalanda. The student community was delighted with a colossal gift of 45,000 books of impeccable knowledge and significance. The auspicious occasion was graced by the benign presence of the

Honorable Speaker of the Lok Sabha, Smt. Sumitra Mahajan. The chief guest was welcomed by an enthralling invocation dance performed by the students after which she imparted her words of wisdom to the students and illuminated them about the glory of reading. Next, the chief guest cut the ribbon of the stupendous and prodigious library, therefore formally declaring it open and accessible for the student community. The establishment of the library was certainly another feather in the cap of Emerald Heights.

A TORNADO OF MESMERISING ACTIVITIES...

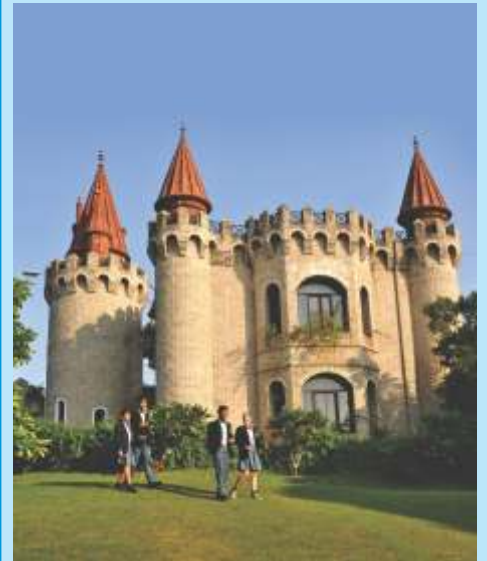

The great Indian philosophers have rightly said "When you are inspired by some great purpose, all your thoughts break their bonds, your mind transcends limitations, and talents become alive".

Right! This is the motto behind our institution that works for the physical, mental and emotional development of a child.

Imparting moral and ethical values act as a powerful tool in transforming the personality of students in accordance with their age and aptitude. Such education brings out the latent capacities of the learners and leads to rightful goals. Alienating the same, we keep making learning sessions breezy to nurture even the finest arenas.

CASTLE CELEBRATION

With the festive season around the corner, we as educators, try to abrade the clouds in the tender minds and enrich them with the beauty of the festivals to build experiences that will go a long way.

Children learn about religious festivals, special foods, songs and loads of other information unknowingly if they are juxtaposed with the lore behind it.

BASANT PANCHAMI

We all pray to Goddess Saraswati, who is as bright as the coloured moon, and is worshipped and followed by all the deities. Atoning the same rhythm, our innocent nursery gems conducted a spiritual assembly with the theme 'Basant Panchami'.

The assembly platform buzzed with the fragrance of incense, tika, diya and pushp mala. The entire ambience was rapt with spiritual vibes. The nursery gems presented themselves in yellow and performed Saraswati Vandana.

ANGELIC EXCELLENCE AT PAR

Nishika Ojha, Nursery, secured I Position in Inter School Speech Competition held at Advanced Academy and earned overwhelming appraisals.

Aaqil Zakarya makes it to the most selective university in the World

Aaqil Zakarya, the Head Boy of the Emerald Heights International School, made the city proud by being selected in Stanford University for undergraduate education. Stanford University is a highly ranked University in the world, with a low acceptance rate, few Indian students make it to Stanford as only 4.8% of international students account for the student body at Stanford. Aaqil also made it to many other renowned universities such as, UC Berkeley, UCLA, Georgia Institute of Technology, Claremont Mckenna College, University of Richmond, and Carnegie Mellon University. Aaqil received a full scholarship from the University of Richmond which is worth more than 1.3 crores. The scholarship designation is Oldham Scholars and is offered only to 7 students each year from around the world for exhibited leadership.
